DURING YOUR BOOKING

If something should be missing or breaks during your session, please contact Pirate Support straight away so we can help. If we are contacted after your session ends, we can't help and may not be able to compensate you.

I'm afraid we cannot amend bookings for late arrivals.

NEED TO MAKE A CHANGE?

Cancel up to 4 hours before your session starts to receive a refund in credit. Unfortunately, **last minute cancellations (within 4 hours) will not be refunded**. You can do this in [your account](#).

The only way to make any changes is to cancel and re-book using the above method at least 4 hours prior to the start time. When re-booking, **make sure to choose to 'apply credit' on the check-out page**.
